April CSI Houston Chapter Meeting

What Makes a Membrane KEE?

Presented by: Nathan Rockwell
FiberTite Regional Manager

This presentation gives a general overview of the nature and history of ketone ethylene ester (KEE) including its introduction into roofing and the subsequent development of an ASTM standard.

By observing this program, participants will:

1. Understand the nature of the KEE polymer;
2. Be informed about the early use of KEE in coated fabric and subsequent transition into a roofing membrane;
3. Understand the unique attributes of a KEE membrane.

Mr. Rockwell is a member of the Roofing Consultants Institute and the Roofing Contractors Association of Texas. He has extensive experience with the installation of membrane roofing systems both as a manufacturer's representative and as a former roofing company owner.

See what's new with FiberTite. Lance McHaney Associates has sponsored a FiberTite TableTop presentation before the meeting presentation. For more information call (713) 806-0032.

Coming in April . . .

Next month's presentation will be on May 24th at the H.E.S.S. Club Building. J. Peter Jordan will give an overview of the new Section Format and Page Format recently introduced by CSI. Discussion among those attending will follow.

April 2010

President's Message

by Don Ude, CSI

I know this may sound like a broken record but as I previously have mentioned it is a major concern of CSI National that retention of members and recruitment of new members has been on the decline.

Mr. Edward Healy, Editor of the CSI Membership Committee newsletter points out, "membership recruitment and retention is a function of quality chapter administration, programs and activities." Mr. Healy further states that it is the Organization's focus this year on Retention.

Today's students are the future of our Profession and we need to groom these individuals offering them our experiences and knowledge of the industry. The Board welcomes any suggestions with regard to reaching out to these students. Once they become student affiliates, they have a greater potential of becoming full members of the organization.

Mr. Healy lists three reasons for the retention of members as **BEST PRACTICES** to be followed. Those Best Practices are VALUE, HOSPITALITY and INVOLVEMENT. .

Value means the practice of tending to add value to the membership, making the member gain something from their participation. Part of this value is the programs presented by the Chapter which in most cases provides continuing education credits. I believe our Board, especially our Program Chairman have tried to make interesting and informative programs

available for our monthly meetings in an effort to attract more members and guests to attend.

Hospitality is the practice of making members feel welcomed and included in the Chapter. One thing that goes along with hospitality is the networking with members of the profession as well as members of the trade community. By getting the new members to feel at home encourages them to participate on committees and work their way into positions as Officers or Board members.

Involvement tends to bind members to the organization by activities and accomplishments. This goes hand in hand with hospitality. Invite the new members to attend Regional and National meetings and conventions. Involvement can also mean sponsorships of various events such as golf tournaments, CTE and scholarship endeavors.

I would hope that each and every one of our members could bring just one new member into our Chapter in the coming year. Also for those of you whose membership is up for renewal, please consider the benefits this organization offers and renew when you receive your notice.

FEATURE YOUR PRODUCTS WITH A TABLE TOP DISPLAY

At each monthly meeting, the Chapter encourages Industry Members to provide a table top display of their products and services for the inspection and education of those attending the meeting.

The table top display is also encouraged to be presented during the social hour and after the program for any questions by attendees.

The presentation fee for this time is \$100 for members and \$150 for non-members.

Attention CSI Chapter Presidents, Membership Chairmen & Certification Chairmen! CDT, CCS Classes Will Begin Soon!

By *Holly Jordan, CSI, CCS &
Di Ann Reid CSI CCS, CCCA, LEED AP*

Last week, packets were mailed to all chapter certification chairs containing the CDT Membership Package forms (http://www.csinet.org/s_csi/docs/17500/17494.pdf) for you to distribute to non-members enrolled in your chapter CDT prep classes or to any non-member interested in CSI certification and membership.

CSI is offering a promotion **through CSI chapters** to CDT exam candidates. Through this promotion, candidates will receive a **20% discount** package on:

- **Professional, Industry or Associate membership**
- **The Spring 2010 CDT early registration rate**
- **A copy of the Project Resource Manual (PRM)**

CDT candidates must go through a CSI Chapter to get this discount! The goal of this program is to grow your chapter and your CDT program. It will only be available through chapters. **The promotion will end January 29, 2010.**

EXAM DATE: March 29-April 3, 2010

Non-members wishing to register for the CDT exam are being encouraged to contact a chapter to obtain the [CDT Membership Package form](http://www.csinet.org/s_csi/docs/17500/17494.pdf) (http://www.csinet.org/s_csi/docs/17500/17494.pdf) from you. Feel free to forward the [CDT-Membership Package form](#) to potential members to whom you have spoken. The goal is to have potential members contact you for the form, and then get involved in your chapter—invite them to your next chapter meeting or event!

This package is available to non-members only and is not good for renewals. It is however, applicable to those who have lapsed in membership for more than one year. Participants must purchase the entire package—individual items cannot be selected at 20% off.

CSI Houston Chapter Board Meeting Minutes

Location: HESS Building
5430 Westheimer Road, Houston, Texas
March 9, 2010

Present: Betsy Finch, Bill Fairbanks, Brett Wilbur, Chris Jones, Don Smith, Don Ude, Doug Frank, Frank Bain, Gary Shirley, Holly Jordan, James Sandoz, Lance McHaney, Mark Koehler, Tom Atwell

President Don Ude called the meeting to order at 11:50 a.m.

The February 2010 Board Meeting minutes were approved.

REPORTS

Member Services: James Sandoz

Programs: James Sandoz

James discussed the upcoming tour scheduled for March 22, 2010 at the 1940 Air Terminal Museum.

Membership: Tim McGonagle.

Chuck Vojtech has replaced Tim as Membership Chairman as Tim has been transferred from the area. Chris Jones with CertainTeed will assist Chuck.

Awards: Amy Salmeron

James reported that Amy has not received any information concerning awards. Discussion followed about the Craftsmanship Award. James will ask Lisa to include details for nominations for the Craftsmanship Award when she sends out the next meeting notice.

Finance/Administration: Bob Cook

No report.

Treasurer's Report: Harold Woolard

No report.

Table Top Display: Don Smith

No report.

Public Services: Lisa Murray

No report.

Golf Tournament: Tom Atwell

No report.

SPEC.tectonics: Don Smith

Don reported the March issue had been posted.

Electronic Communications: Jerry Abendroth

No report.

Public Relations: Tanner Spears

No Report

Professional Development: Brett Wilbur

No report.

Continuing Education: Mark Koehler

Mark reported he needed a copy of the sign in sheet for February chapter meeting from CertainTeed.

Academic Affairs: Justin Boone

Don Ude reported Justin sent him an email that noted he was trying to make contact with several of the universities for the purpose of getting students involved with our CSI chapter. Don also mentioned that Justin is the chairman for the Building Enclosure Council, Houston Chapter.

Certification: Holly Jordan

Holly reported classes are almost over, three classes left and that ten people have signed up for the test. Brett stated two from PSP are signed up to take the test. Holly suggested membership send an email to the participants of the classes.

Technical Committee: Brett Wilbur

Brett reported he hasn't received word on his article regarding the publication date.

Scholarship: Frank Bain

Frank reported the Foundation will extend the number of scholarships to three, two from the Foundation and one from Lance McHaney & Associates. There are three official candidates, two from University of Houston and one from A & M University. The review committee (Dorothy Denison, Lance McHaney, Greg Roberts) will personally interview the candidates. Brett Wilbur has been appointed to the Foundation.

New Business:

Sandcastle Competition: Brett Wilbur

Brett stated a decision had not been made concerning participation in the competition for this year. The entry fee is \$200 per team to build a sandcastle, plus the cost for a tent. The entry fee as a sponsor is \$1,200 for the bronze level up to \$5,000 for the platinum level. Site location is based on the entry level. Entry date deadline is May 15, 2010. Brett moved "that CSI Houston compete in the 2010 AIA Sandcastle Competition, that \$200.00 be appropriated for the entry fee and he will form a committee between now and May 15th to arrange sponsorships for food, tent cost and other necessary items." The motion was seconded and approved.

CTE/Seminars: Di Ann Reid

Di Ann is working on the arrangements for the seminar. Don Smith reported he has two commitments for speakers for the seminar.

Houston Election Slate:

Tom Atwell presented a list of nominees for the proposed slate of officers to the Board. The nominees were voted on and approved by the Board. Don Smith suggested asking Lisa to send out the proposed slate of officers via email to the membership.

Proposed Election Slate:

President: Tom Atwell

President-Elect: Bob Cook

President: Don Ude

VP Member Services: James Sandoz

VP Public Services: Lisa Murray

VP Professional Development: Mark Koehler

VP Finance/Administration: Don Smith

Secretary: Betsy Finch

Treasurer: Harold Woolard

Director thru 2013: Brett Wilbur

Director thru 2013: Holly Jordan

Meeting adjourned at 12:40 p.m.

Respectfully submitted by

Betsy Finch, CSI
Chapter Secretary

Using CSI to Find Your Next Job

CSI's membership network is unique in the industry – no where else will you find this cross-disciplinary mix of construction professionals. Through CSI, owners, facility managers, architects, engineers, specifiers, contractors, sub-contractors, product reps and manufacturers come together.

That's good news if you're looking for a job.

Below are some ideas for using CSI if you're looking for a job, or think you might need to start looking in the next few months. CSI members with other ideas are urged to post them in [CSI's forums](#).

Conducting a job hunt?

Visit CSI's Career Center. You can post a resume and read job postings from across the country for free. Visit the [Career Center](#).

Join a CSI chapter and go to the meetings. Your local CSI chapter is plugged in to construction in your area. Spend time with people who know which firms are hiring, and who could recommend you. [Find a chapter](#).

Improve your resume:

Get your CDT, or advanced certification. Show potential employers that you are an expert. CSI chapters offer preparation courses and mentoring for exam candidates – another opportunity for you to expand your network. [Learn more about CSI Certification](#). The early registration deadline is January 29, 2010.

Write a technical article for Construction Specifier magazine. Contact the Specifier with your article idea at editor@constructionspecifier.com.

Be a speaker for a CSI Webinar. To submit a presentation complete this [form](#) and then email it to jspiler@csinet.org.

Participate in CSI. Potential employers are likely to Google your name while considering you. Give them something worth finding:

Expert responses to questions in [CSI's forums](#). (Log in before you post a response to have your name appear with your response.)

Your membership in a CSI committee or task team at the national, region or chapter level. (See a list of national [committees](#) and [task teams](#).)

Join CSI's [LinkedIn group](#). (Create a free profile on LinkedIn, then search for "CSI" under groups.)

Blog for CSI. CSI is looking for members who are interested in writing technically focused entries for [CSI's blog](#). Whether you're interested in writing about the entire construction industry, or just the ins-and-outs of a particular division, CSI is a great way to share your technical knowledge and show potential employers your wisdom.

Tweet what you know! Create a free profile at www.twitter.com and start sharing what you know about construction and CSI. Then let CSI know by sending a tweet to [CSIConstruction](#). CSI follows and promotes CSI chapters and members that tweet.

Your CSI membership can be a valuable tool in your job hunt! Good luck

“Strictly SMITH-ly”

by Donald F. Smith, Jr., CSI CCS AIA LEED AP

CSI Committee Service Opportunities

Our Houston CSI Chapter is looking for a few good men and women volunteers to serve on the following chapter committees.

- Academic Affairs Committee
- Awards Committee
- Certification Committee
- CIC Delegate Committee
- Christmas Party Committee
- Product Show (CTE) Committee
- Golf Tournament Committee
- Membership Committee
- Program Committee
- Sand Castle Committee
- Scholarship Committee
- Technical Committee

Have you participated or were the beneficiary of one of the above activities? Do you have a passion or expertise that could benefit any of the above activities? Do you want to learn more or just have the fun of working with others on a project that you enjoy? Consider participation in one of the above committees.

Want to learn more before making a commitment? Talk with Lance McHaney. He will tell you about the personal joy he receives for his work with the Houston CSI Chapter.

Volunteer committee work is the backbone of the Houston Chapter.

If you volunteer, you will:

- **Network** with other CSI Houston members .
- **Polish your resume** with hands on work
- **Help advance** the mission of CSI and CSI Houston.
- **Garner** the experience and leadership to advance both within CSI and in your profession.

Remember that service is voluntary.

This is the time to show off your can do attitude and get the job done!

... Just My Opinion
